

HILLSIDE JUNIOR SCHOOL - PE and SPORTS PREMIUM 2020/21

From September 2013 each Primary School was allocated funding by the government directly to support the provision of quality PE/Sport. This funding is used to fund improvements to the provision of PE and Sport, for the benefit of primary-aged pupils, so that they develop healthy lifestyles.

Hillside Junior School was allocated £18,307 in the financial period from April 2020 until March 2021.

Total money spent in 2020-2021 was £19,760 with an overspend of £1453

Use of Funding:

- A specialist gymnastics teacher is working alongside our teachers to improve delivery of lessons
- Introduction of the ActivAll compact wall boards to support the development of fine motor skills and co-ordination at playtimes and in PE lessons
- Installation of a "Daily Mile" running track

A breakdown of costs:

Gymnastics taught by a qualified Gymnastics coach	£960
Installation of ActivAll compact walls	£4,000
Installation of "Daily Mile" track	£16000
	<u>£19,760</u>

Impact of Funding:

- The installation of a "Daily Mile" track has supported the physical and mental well-being of the children. This has been vital in terms of the impact of various lockdowns and school "closures". It means that the field as a resource is accessible all year round.
- The delivery of gymnastic lessons has improved and this is evident by the pupils' involvement and skills in gymnastics
- Staff have developed their pedagogy in the teaching of gymnastics
- Increased pupil confidence, self-esteem and independence for targeted pupils
- Greater variety of playground games with the introduction of the ActivAll Compact Wall boards
